

Message from United Nations Volunteers

“United Nations Volunteers (UNV) sends its warm congratulations on the occasion of the Inauguration of Hong Kong Institute of Volunteers and the Forum on “Building Impact in Volunteering”.

Over the past forty or more years, the Agency for Volunteer Service (AVS) has played a pivotal role in leading and promoting volunteerism in Hong Kong. This new initiative of AVS and the Forum will help advance excellence in volunteering and promote a productive partnership between the private sector and volunteer-involving organizations.

UNV take this opportunity to commend AVS for its long-standing leadership role and wish the new initiative and the Forum a great success.”
